

## Federal 3045

Federal is a surface mount, compact and high brightness LED that is built for various illumination needs. The small physical dimension can free customers from any constraints or limitations in these fields of applications. And the multi-color type Federal components are suitable for stage lighting.

### Features :

- High lumen/lux performance
- Promising lumen maintenance characteristics
- Level 1 on JEDEC moisture sensitivity analysis

### Applications :

- Flashlights
- Street lights
- Stage lighting
