

PLCC 5050

PLCC 5050 is a surface mount, compact and high brightness LED that is developed for various illumination needs. With its slim and miniature size, PLCC 5050 is suitable for any kind of lighting sources. And the reflow-solderable nature of high power PLCC provides an easy path towards the optimum thermal management to achieve a promising reliability.

Features :

- High luminous intensity and high efficiency
- IR reflow process compatible
- Environmental friendly; RoHS compliance

Applications :

- Emergency lighting
- Indirect lighting
- Decorative lighting
